INCREASE.

—Shows an increase of Rs. 1,80,026, as compared with the imports of the previous year ; the importation is still below the average of the last five years.

—Exhibit an increase of Rs. 55,370 in value, and lbs. 1,91,547 in quantity, and the imports e above the average of the last five years. The quantity imported exceeds the demand, d this has led to a fall in prices.

—There is an increase in quantity of 37,501 tons, and in value of Rs. 10,325 over and bove the large increase noted last year, which is to be accounted for by the fact of the in- reased use of coal, and the expectations of war entertained by some persons interested in the trade. There were large accumulations in the market during the year.

on—Twist and Yarn.—The increase of Rs. 8,49,866 over and above that of the last year, is mostly in Turkey Red and other Coloured Yarns. The imports of the higher numbers of Mule, especially those ranging from 30*s* to 50*s*, have increased this year to the extent of nearly 4¾ lakhs. The imports of Water Twist, however, have fallen off. There is a decrease of nearly 1¾ lakhs in 30*s* and 40*s*, but this is scarcely a matter for surprise, as the value of 30*s* alone imported last year exceeded by upwards of 7 lakhs the value of the previous year's importations. The decrease in this item cannot be attributed to the competition of local manufacture, as numbers higher than 20*s* are not generally produced in Bombay.

Chemical Products and Preparations.—Show an increase of Rs. 46,593, chiefly in Alum from the United Kingdom and Hongkong. Salammoniac and Copperas also contribute towards this increase. Brimstone and Sulphuric Acid, however, show a decrease.

gs and Medicines, excluding Chemicals.—There is an increase of Rs. 1,33,112 under this head. Cassia Lignea alone, from China, has exceeded last year's importations by upwards of a lakh of rupees, which has led to a glut in the market, and consequent fall in prices. Quinine also has an increase of about Rs. 62,000. The excess in the importation of this article is said to be due to the anticipation of an increased demand in case of a war, and its price has risen considerably. Other sorts exhibit an increase of about three-fourths of a lakh. Assafœtida, however, shows a decrease of upwards of a lakh.

Dyeing and Colouring Materials.—Cochineal shows an increase of about Rs. 2¼ lakhs, which makes up partially for the decrease noted last year. Aniline Dyes and many other minor articles comprised under this head, have, however, fallen off, thus reducing the increase to Rs. 1,11,465.

Fireworks.—Exceed in value the importations of the last year by Rs. 34,015, but are below th average of the past five years.

Glass.—The increase of Rs. 1,15,147 makes up partially the decrease noted last year.

Jewellery.—The increase of Rs. 2,95,355 is wholly in Pearls, from Arabia and Persia.

Matches, Lucifer and others.—The imports this year have increased to Rs. 4,38,500 in excess of those of any of the preceding ten years. There is no doubt that th article is on the increase; the market, however, is said to be overstocked.

Metals.—On the whole, show an increase. Copper shows an increase of 2,906 crease in value of Rs. 1,86,760, and the disproportion is owing to th which ranged during the preceding year between Rs. 48 and Rs. 54 per c year under report, they fell from Rs. 51-4-0 in the commencement, to Rs close of the year. Yellow Metal shows an increase in quantity of 21,74 in value of Rs. 6,71,443. Its value fluctuated during the preceding 44¼ per cwt., whilst this year it was quoted at Rs. 43-8-0 in April 1 per cwt. in March 1878. These two metals were actually forced in th fall in home prices tempted the merchants to indent for more and more accumulations, and consequent heavy losses to native purchasers wh found it necessary to enter into an agreement binding t 001, neither to purchase; in this market nor to indent for e stocks in hand were exhausted.

of 1,19,674 cwts. in quantity, and a de in the importation of Beams, Pillars, Plates and Sheets; the decreas

quantity a

munerative, less quantity was imported this year. The glutted state of th
my reprot for 1876-77, accounts for the decrease in Steel this year.

Oils.—Show an increase of 847,477 gals. and of Rs. 9,14,572, which is chiefly in
of Kerosine Oil from the United States. The exorbitant rate ruling in the market
close of last year and at the commencement of the year under report led to heavy impo
resulted in the market being overstocked. The prices fell from Rs. 13-12-0 in A
to Rs. 8 per case in March last. Cocoanut Oil was imported from Ceylon to the ex
55,642 gals., owing to favourable prices ruling here; whereas there was no importation
of this Oil from that Island during the last year.

Paints and Colours.—Show an increase of Rs. 1,43,995, which is almost wholly in Red
The total imports are a little above the average of the past five years.

Paper and Pasteboard.—The increase of Rs. 3,96,290 is chiefly in writing paper. Printing p
and Pasteboard also have an increase.

Provisions.—Numerous articles are grouped under this head and collectively show an increase
Rs. 9,07,385. Wet Dates account for the largest portion of the increase, the importation bei
nearly double that of last year.

Railway Plant and Rolling Stock.—Exhibit an increase of Rs. 33,33,057 over and above the in
crease of 10 lakhs noticed last year. This is not an article of Trade, and its imports fluctuat
according to the requirements of the state each year.

Silk, Raw.—There is an increase of Rs. 18,33,319 in value with an increase of 479,776 lbs. in
quantity. The increase is mostly in superior kinds of China Silk, which were much in demand
in this market owing to limited imports during the last year. The imports, however, are below
the average of the past five years.

Silk Piece Goods.—Show an increase of Rs. 4,72,000, chiefly in the imports of Handkerchiefs, and
in other descriptions of Fancy Goods from Hongkong. Most of the Handkerchiefs were suited
for the Rangoon market, to which large re-exports were made this year, amounting to Rs. 73,656
against *nil* last year. Foreign European Silks embroidered with Gold, known as "Gold
Brocades," are now largely imported of rather common qualities, and used by well to do
natives instead of country "Kinkhafs," whilst formerly they were imported of superior des-
cription in limited quantities for native Rajas.

The Chinese merchants who established themselves here during the last year are said to
have done a profitable business, and more Chinese firms have started this year.

Spices.—Under this head Cloves is the principal item and was very largely imported this year from
Africa and Aden. The cloves brought to this market are almost entirely the produce of Zanzibar;
but since the hurricane which destroyed many of the trees, the importations from that island
have largely diminished. In 1872-73 the imports of this article reached 2,820,720 lbs., but
fell to 1,373,680 lbs. in 1873-74 and to 1,057,616 lbs. in 1874-75. They have gradually
risen since to 2,099,889 lbs. in the year under report, but are still below the average of
former years. Nutmegs in Shells were imported from the Straits Settlements to more than
double the value of last year's imports.

Sugar and Sugar-candy.—The increase of 220,498 cwts. and Rs. 39,83,030 is mostly in Sugar from
Mauritius. The limited stocks in hand and the consequent heavy demand in the Bombay
market, coupled with the circumstance of a favourable crop at Mauritius, induced large importa-
tions. During the year the imports from Bengal have been much below the average, in conse-
quence probably of the short crop in the North-Western Provinces. China has to a small
extent contributed towards the increase. The demand is still said to be brisk, and prices are
ruling high.

Tea.—The increase of Rs. 7,37,296, has partially made up for the decrease noticed last year. T
have been large re-exports to Persia, amounting to Rs. 1,22,425 against Rs. 60,177 l
The trade in this article is very irregular, as will be observed from the figures of

DECREASE.

...unition, &c.—Collectively show a decrease of Rs. 6,895; but if treated individually, Fire-...s and parts thereof, and Gunpowder, Common and Sporting, have an increase of Rs. 8,763, ...3,999 and Rs. 22,023 respectively, whilst the rest show a decrease of Rs. 41,680.

...e-ware and Furniture.—The value of the articles comprised under this head imported during the years 1871-72 to 1874-75 ranged between Rs. 67,000 and Rs. 43,000 a year. During the last two preceding years it rose to Rs. 2,00,000, the imports being stimulated by the visit of H. R. H. the Prince of Wales, but fell again during the year under report to about Rs. 1,00,000.

...locks and Watches.—This year there is a decrease both in quantity and value. The falling off is chiefly in the importation of Clocks.

Cotton—Piece Goods.—Show the large decrease of Rs. 37,48,908, which is to be attributed to the inflated importations last year. The decrease is chiefly in Grey and Coloured Piece Goods; in the former to the extent of nearly 26 lakhs, and in the latter to upwards of 11 lakhs. Shirtings alone show a falling off of nearly 18½ lakhs, Mulls 2½ Lakhs, Printers 1¾ lakhs, Drills nearly 3 lakhs and other coarse descriptions about a lakh. It is noteworthy that T. Cloths 18 reed and *upwards* show an increase of Rs. 3,23,443, whilst those *under* 18 reed show a falling off to very nearly the same extent. Importations of Long-Cloths, although the decline this year, amounting to Rs. 34,320 only is trifling, have been steadily falling off for a considerable period, as may be seen from the figures given in the margin for the last 4 years. As Long-Cloths were not recorded separately prior to the year 1874-75, figures for the preceding years cannot be given, but there is no doubt that there was a large importation of this description of Piece Goods, which has been checked by the production in the Local Mills.

1875-76	2,81,779

The large decrease in the importation of Coloured and Printed Piece Goods is to be accounted for by the fact that Cotton Prints of commoner descriptions are gradually finding favour in this country. The valuable German Prints which formerly were largely imported into Bombay are now almost unsaleable. Turkey Reds and other Coloured Piece Goods have all fallen off in their values. The Re-exports chiefly to Turkey in Asia and Persia, show an increase of upwards of 9 lakhs as compared with those of the last year.

Earthenware and Porcelain.—The overstocked state of the market last year has caused diminished importations resulting in a decrease of Rs. 49,365, chiefly in importations from the United Kingdom.

Gums and Resins.—The decrease of Rs. 24,017 is so small compared with the value of the gross importations (about 6 lakhs) that it requires no explanation.

Hardware and Cutlery.—Show a decrease of Rs. 64,003, which is trifling when compared with the value of the total importations (upwards of 17 lakhs).

Ivory and Ivory-ware.—This year there is the large decrease of Rs. 4,71,238 in value, with a decrease of 89,917 lbs. in quantity, occurring in the imports from Africa, from which country direct shipments were made to the United Kingdom. The same circumstance accounts for the increased imports of hollow or rejected Ivory from the United Kingdom.

Ale, Beer, and Porter, Spirits, and Wines and Liqueurs.—Ale, Beer, and Porter, which showed an increase of 18,494 gals. last year, have a decrease of 29,829 gals. this year. Spirits show a decrease of 11,704 ⅔ gals. over and above the decrease of last year. Wines and Liqueurs, however, show an increase of 8,868 ⅓ gals. The continued falling off during the last two years in Spirits is said to be owing to the increased rate of duty.

...chinery and Millwork.—Show a decrease of Rs. 8,92,870 over and above that of the last year.

...The overstocked state of the market at the close of the last year has affected the imports ... There are upwards of 50 thousand lbs. lying in Bond.

[redacted]ncreases and decreases have occurred in the following items :—

INCREASE.

[redacted]—There has been a steady increase during the last three years, including the year under [redacted]eport, in the exports of Coffee. To France there has been an excess of nearly 1⅛ lakh over [redacted]nd above that of the last year. The exports to the United Kingdom have also been on the increase. The trade of this article with Italy and Turkey in Asia has somewhat fallen ; with Turkey in Europe it is *nil*.

[redacted]*ton, Twist and Yarn.*—Shows an increase in quantity of 7,720,161 lbs., with an increase in value of Rs. 31,71,322 ; the total exports being nearly double those of the last year. Out of 68 lakhs 60½ lakhs worth has found its way to China alone. To Aden and Arabia also there has been an excess over the exports of last year. Notwithstanding these large exports, most of which are said to have been made by the local mill-owners on their own account, the stock left in hand was so great, that there was no alternative but to close some of the mills altogether, and others, partially, about the end of the year. Unsuccessful attempts were made to get rid of the stock at reduced prices.

Cotton Piece Goods.—There has been an increase of Rs. 3,00,409, mostly in exports to Africa, Arabia, and Aden. The local manufactures, being of a coarse description of goods, do not find favour in other markets. Looking to the number of mills working in this Presidency, the exports seem to be very small, amounting only to Rs. 20,32,763, which again include goods of hand manufacture. There are large accumulations lying undisposed of.

Dyeing and Colouring Materials.—Show an increase of Rs. 2,27,371, almost wholly in Myrabolams to the United Kingdom.

Grain and Pulse.—The increase of Rs. 15,46,845 is in the exports of Wheat to the United Kingdom and Rice to the Territories of the Imám of Muscat and Persia. The exports of Wheat to France and Italy have, however, fallen off considerably.

Hides and Skins.—There is an increase of Rs. 18,23,631 over and above that of last year, which is almost wholly in the exports to the United Kingdom.

Seeds.—The increase of Rs. 51,61,873 is chiefly in the exports of Linseed to France, Holland and Italy, and Rape Seed to the United Kingdom, France, and Belgium. Teel, or Gingelly Seed, is also largely exported to France and Italy. The exports of Linseed to the United Kingdom have considerably fallen off. There was a brisk demand for the Bombay Seed in the English market, but the supply was inadequate owing to the crop being short.

DECREASE.

Cotton, Raw.—This staple has shewn a steady decrease since 1875-76, owing to the scanty crops of the last three years. The increased consumption by the local mills also tends to a certain extent to diminish the exports. During the year under report the outturn of the gatherings in Cutch, Kattywar, and other Guzerat Districts, as well as those of the Deccan and Khandesh were much below the average. The exports to the United Kingdom, France, Russia, and China have declined; whilst to Austria, Belgium, Germany, Holland, Italy, and Spain there has been an increase. The net decrease in the value of the exports amounts to Rs. 1,17,32,380.

Oils.—The decrease of Rs. 96,520 is wholly in the exports of Cocoanut Oil to the United Kingdom. The high prices ruling in the market here checked the exports.

Opium.—There is a decrease of 6,437½ chests with a decrease in value of Rs. 33,13,702. The decrease in value is disproportionate to the decrease in the number of chests, and this is accounted for by the fact of prices having risen from Rs. 1,270 in the commencement of the year to Rs. 1,550 per chest at the close. The outturn of opium in Malwa of the year under report is reported to have been less by some 6,400 chests than those of the preceding year, the decrease being attributable to drought. The limited outturn, coupled with heavy speculation, tended towards the increase of prices. This year the opium trade is said to have been very remunerative.

[redacted]—The decrease of Rs. 12,50,852 is wholly in the exports to the United Kingdom, where [redacted]said to be unfavourable. Large stocks are lying in the Bombay market.

[redacted]*of—Shawls.*—There has been a decrease of Rs. 2,41,038, with an increase of [redacted]owing to old Cashmere Shawls being exported in large quantites, which [redacted]hey were of very old fashion and of bad colour. The greater portion of [redacted]inferior quality, and their patterns are not suited to the taste of the [redacted]lized are generally low. The trade, on the whole, is said not to

[redacted]off to the extent of Rs. 13,26,499 and Rs. 1,33,70,220,

34. In noticing the fluctuations of trade of each Presidency or Province, the share of the British Ports within the Presidency is not taken into consideration, as the data for the same is not complete this year.

35. Imports from all British Ports in other Presidencies (including Sind) show an increase, while Foreign Indian Ports, except Diu, exhibit a decrease.

Bengal Presidency.—The trade with this Presidency has increased by nearly one Crore of Rupees, and is double that of last year. The increase is principally in the imports of Rice. The chief articles of import are Rice and other sorts of Grain, Gunny Bags, Spices (chiefly Ginger and Betelnut) and Sugar.

Madras Presidency.—The trade with the chief Port (Madras) is small. It is the other Ports of that Presidency from which large imports are made. Almost all the principal articles of import, viz., Coffee, Coir, Cordage, Cotton raw, Cocoanuts, Rice, raw Hides, Leather, Vegetable Oils (chiefly Cocoanut), Dried Fruits, Pepper, Turmeric, and Timber, show an increase.

British Burmah.—Rice and Teak are the principal articles of import. This year the former shows an increase of 13 lakhs and the latter of 15 lakhs, as compared with the preceding year.

Sind.—There is an increase of Rs. 1,28,209 in the imports from this Province. Grain (Bajri, Rice, and Wheat) shows an increase of 6 lakhs; while in Wool raw, and in the imports of Foreign Merchandise there is a decrease.

Cutch and Kattywar.—There have been less imports this year of Cotton, raw, Grain, and Wool raw, owing to the unfavourable season. Large imports of Treasure were made, it is said, for the purchase of grain.

Foreign Konkan (Habsán).—The trade shows a decrease of nearly 3 lakhs almost wholly in Cotton raw from the Habshi's Port (Jafrabad) in Kattywar. The articles generally imported fr[illegible] this Port are, Cotton raw, Grain, and Ghee; Betelnut and Firewood are the chief i[illegible] from the Habshi's Konkan Ports.

Goa.—There were less imports in almost all the principal articles. Coco[illegible] nuts, and Lisbon and Tinto Wines, are the chief articles import[illegible]

Damaun.—The decrease of Rs. 16,419 is attributed to smaller i[illegible] &c.

Diu.—Cotton raw, Fishmaws and Sharkfins, and Salted [illegible] are the principal articles of import.

Pondicherry.—There is little or no trade with this Port. Foreign Wines, chiefly Claret, are occasionally imported.
